Henfield Garden Bird Survey 2019 – Log sheet

REMEMBER

Only count for an hour a week – doesn't matter if this is split over several days. And don't worry if you are a bit short on time! Or if you don't recognise something – just leave it out!

Only count the highest number of each species that you see AT ANY ONE TIME e.g. if you see 1 Blue Tit on Monday, 3 on Wednesday, 4 on Thursday and 2 on Friday, enter 4 on the total.

Only count birds using or feeding over the garden. i.e. you can count Swallows and Swifts feeding overhead, but not gulls drifting over on their way to somewhere else!

You can use the following list to tot up the totals during the weeks before entering them at http://www.henfieldbirdwatch.co.uk/henfield-garden-bird-survey-2019-weekly-submission/ . The most common species are already listed, add others at the end.

Please contact Val on **chetsford@talk21.com** or 01273 494723 if you need any help

Species	Week Commencing	Week Commencing	Week Commencing	Week Commencing	Week Commencing
